

# COMPANHIA ENERGÉTICA DE MINAS GERAIS – CEMIG

LISTED COMPANY – CNPJ 17.155.730/0001-64 – NIRE 31300040127

## MARKET ANNOUNCEMENT

### **Cemig once again selected for inclusion in the Dow Jones Sustainability Index, for 2020–21**

As part of its commitment to best corporate governance practices, **Cemig** (*Companhia Energética de Minas Gerais* – listed and traded on the stock exchanges of São Paulo, New York and Madrid), **reports** to its stockholders and the market:

Cemig has again been selected for inclusion in the Dow Jones Sustainability World Index (the ‘DJSI World’), for 2020–2021. Cemig has now been included in the DJSI World for 21 years, since the index was created in 1999.

Cemig continues to be the only non-European company in the power industry in this index – which selected only 8 companies in this industry in the world, out of 64 that were assessed.

The DJSI World is an index of the world’s largest companies which, in their various sectors, stand out for their performance in sustainability and their adaptation to market trends, and are able to create value for their stockholders in the medium and long term.

The composition of the DJSI World index has recently been updated. It is a worldwide benchmark for investors and international financial agents, who use it in their decision-making on socially responsible investments.

This year’s index includes 320 companies from 29 countries, selected from a group of 7,300 companies in 60 economic sectors and industries, on the basis of a questionnaire and public information. The selection is made by S&P Dow Jones Indices (S&P DJI), a company specialized in asset management and supply of products and services related to sustainable investments. The process as a whole is audited by Deloitte.

Cemig’s inclusion in the Dow Jones World Sustainability Index for 21 consecutive years is a continuing reflection of its determination to maintain sustainable practices in its relationship with employees and suppliers, creating value for its stockholders and contributing to the wellbeing of society.

There is more information on Cemig’s social and environmental practices in the Company’s Sustainability Reports, which are on the Cemig website at [www.cemig.com.br](http://www.cemig.com.br).

Belo Horizonte, November 18, 2020.
