#### Question asked by the CVM

The CVM requests an explanation in relation to the news item published in the “*Estadão Online*” news medium of the *Estado de São Paulo* newspaper, under the headline “Cemig is interested in buying Celpa, says Lobão”, dated September 13, which reports the Brazilian Mining and Energy Minister, Mr. Edison Lobão, to have stated as follows:

“ He said, however, that Cemig, of Minas Gerais, is interested in buying Celpa, of Pará.  
“It’s true. That could happen”, he said, adding that it could also even happen to other companies of the Rede Group. ”
