**NOTICE TO THE MARKET**

**Moody's upgrades Cemig ratings to "AAA.br"**

**COMPANHIA ENERGÉTICA DE MINAS GERAIS – CEMIG ("Cemig" or "Company")**, a publicly-held company with shares traded on the stock exchanges of São Paulo and New York, hereby informs its shareholders and the market in general that the credit rating agency Moody's Local Brasil ("Moody's") has upgraded the Company's corporate rating, as well as that of its wholly-owned subsidiaries Cemig Distribuição S.A. and Cemig Geração e Transmissão S.A., on the national scale, from "AA+" to "AAA", with a stable outlook.

Accordingly, the Company is now rated "AAA" by two of the leading rating agencies, Moody's and Fitch, the latter having already announced the upgrade in October 2024.

The upgrade reflects Moody's expectation that Cemig will continue to pursue prudent financial management, with a longer-dated liquidity profile and the maintenance of stable and predictable operating cash generation. This action also reflects the continued improvement in its liquidity profile, supported by a conservative financial policy combined with adequate credit metrics.

The Company reaffirms its commitment to optimizing its liquidity and capital structure through the extension of the average maturity of its debt, the strategic management of liabilities, and the efficient management of its cost of capital.
