NOTICE TO THE MARKET

Cemig is once again included in the S&P Global Sustainability Yearbook and the Clean200™, maintains its “A List” classification in the CDP, and is recognized as one of the 10 most sustainable corporations in Latin America by Corporate Knights

COMPANHIA ENERGÉTICA DE MINAS GERAIS – CEMIG (“CEMIG or Company”), a publicly held company with shares traded on the stock exchanges of São Paulo and New York, in line with its commitment to adopting best practices in climate action and sustainability, hereby announces that it has received the following recognitions:

- CDP Climate 2025 - A List

CEMIG remains on the CDP - Carbon Disclosure Project “A List”, reaffirming its commitment to disclosure, transparency, and environmental action.

CEMIG achieved the highest score in 10 out of 16 criteria, standing out for its action plan with concrete initiatives to meet its public commitment to become net zero by 2040.

The Company was also recognized for the development of new low-carbon products through its wholly owned subsidiary, Cemig Sim, in renewable energy, with projects focused on GHG emissions mitigation, as well as for investments in distribution grid modernization aimed at improving customer service, enhancing service quality, and reducing electricity losses.

CDP is a renowned international organization responsible for environmental disclosure on a global scale.

Further details on CEMIG's climate management practices are available in its sustainability reports at www.cemig.com.br and on the website of CDP <https://classic.cdp.net/en>.

- Standard & Poor's Global Sustainability Award

CEMIG was included in The Sustainability Yearbook 2026, which highlights 848 sustainability leaders across 59 sectors worldwide. The position of each company in the ranking is based on performance in the S&P Global ESG Scores, calculated through the Corporate Sustainability Assessment (CSA). Within the global electric utilities sector, CEMIG ranked among the top 10%.

The Company's continued presence in the Yearbook reinforces CEMIG's ongoing commitment to ESG best practices, which are essential for sustainable growth and long-term value creation for its shareholders, employees, suppliers, and society.

Classification: Targeted

- One of the 10 most sustainable corporations in Latin America by Corporate Knights

CEMIG was selected by Corporate Knights as one of the "10 Most Sustainable Corporations in Latin America", featured in the inaugural ranking released by the Canadian Organization in 2026. The list, which highlights companies with the strongest environmental, social, and governance performance, assessed 343 Latin American companies using the same methodology applied in the prestigious Global 100 ranking.

Only the 10 companies with the highest consolidated scores were included in the final selection. The result underscores CEMIG's consistent progress in initiatives related to energy transition, environmental impact reduction, innovation, governance, and social responsibility.

- Clean200™ 2026 Global Ranking

CEMIG achieved 63rd place in the Clean200™ 2026 ranking, prepared by the U.S.-based organization As You Sow, in partnership with Corporate Knights.

The Clean200™ lists the 200 publicly held companies generating the highest revenues from products and services aligned with the clean economy, among more than 8,000 companies analyzed worldwide. The study considers indicators related to renewable energy, energy efficiency, sustainable technologies, environmental impact, and social criteria.

CEMIG's performance in the ranking highlights the relevance of its predominantly renewable matrix, its continuous investments in clean innovation, and its commitment to responsible practices aligned with the energy transition, as well as the steady advancement of ESG as a strategic pillar of the Company.
