NOTICE TO THE MARKET

UN Global Compact's 100% Transparency Movement

COMPANHIA ENERGÉTICA DE MINAS GERAIS – CEMIG ("CEMIG" or "Company"), a publicly held company with shares traded on the stock exchanges of São Paulo and New York, hereby informs its shareholders and the market in general that it has achieved, ahead of schedule, all targets established by the 100% Transparency Movement ("Movement"), an initiative of the United Nations ("UN") Global Compact aimed at strengthening transparency, corporate ethics, and business integrity.

CEMIG joined the Movement in November 2023 and fully completed, in 2026, all commitments scheduled for implementation by 2030, demonstrating the Company's alignment with national and international best practices in corporate governance and compliance.

The Movement's targets cover matters related to transparency in relations with public authorities, disclosure and strengthening of whistleblowing channels, integrity in senior management compensation, ethics and anti-corruption training for strategic stakeholders, and transparency regarding governance and compliance structures.

In recognition of this achievement, CEMIG was honored during the Ambition 2030 Forum, held on June 02, 2026, in São Paulo. Among the 68 companies participating in the 100% Transparency Movement, only CEMIG and one other company fully met all targets established for 2030.

This achievement reinforces the Company's commitment to ethics, transparency, and integrity — pillars that contribute to sustainable value creation and strengthen the trust of investors, customers, partners, employees, and society as a whole.

Belo Horizonte, June 12, 2026.
