Certain statements and estimates in this material may represent expectations about future events or results, which are subject to risks and uncertainties that may be known or unknown. There is no guarantee that the events or results will take place as referred to in these expectations.

These expectations are based on the present assumptions and analyses from the point of view of our management, in accordance with their experience and other factors such as the macroeconomic environment, market conditions in the electricity sector, and expected future results, many of which are not under our control.

Important factors that could lead to significant differences between actual results and the projections about future events or results include Cemig's business strategy, Brazilian and international economic conditions, technology, our financial strategy, changes in the electricity sector, hydrological conditions, conditions in the financial and energy markets, uncertainty on our results from future operations, plans and objectives, and other factors. Due to these and other factors, our results may differ significantly from those indicated in or implied by such statements.

The information and opinions herein should not be understood as a recommendation to potential investors, and no investment decision should be based on the veracity, currentness or completeness of this information or these opinions. None of our staff nor any party related to any of them or their representatives shall have any responsibility for any losses that may arise from the use of the content of this presentation.

To evaluate the risks and uncertainties as they relate to Cemig, and to obtain additional information about factors that could give rise to different results from those estimated by Cemig, please consult the section on *Risk Factors* included in the *Reference Form* filed with the Brazilian Securities Commission (CVM) – and in the *20-F* form filed with the U.S. Securities and Exchange Commission (SEC).

In this material, financial amounts are in **R\$ million** (R\$ mn) unless otherwise stated. Financial data reflect the adoption of IFRS.

Highlights

- Recurring Ebitda **R\$ 2.3 billion** in **1H20** (up 12% year-on-year).
- Distribution: Total load down 4% YoY in **1H 20** – down 6% YoY in **2Q20**.
- Periodic Review of Transmission Revenue: **R\$ 430 mn** gain in bottom line.
- Covid Account: Receiving **R\$ 1.4 billion** up to January 2021.
- Strong cash position, and leverage reduced:
Net debt/Ebitda down to 2x.

Cemig in the fight against Covid-19

Crisis Management Committee – Strategic aims:

Ensure service continuity.

Energy is essential for the population.
Carrying out action plans to **maintain adequate supply**.

Employees' health and safety

Some of our employees are on the **front line**, others can work **remotely**.
We implement **health** authorities' instructions, and protect our teams' **safety**.

Relationship with our clients

Using **digital solutions**; creating innovative rules for relationship.

Social responsibility

Strongest impacts are on **health** and **social issues**.
We **donate funds** to hospitals and encourage registration in social programs.

Financial sustainability

Implementing **conservative cash management**
- and optimizing operational expenses.

Execution of investment program

Market segment	2020		Executed	%
	Planned	Revised*	Up to June 2020	Executed
Distribution	1,667	1,473	571	38.76%
Generation	95	77	19	24.68%
Transmission	250	160	76	47.50%
Total of investments	2,012	1,710	666	38.95%

* Revised after start of quarantine.

- Cemig has reviewed its investment program for 2020, but maintains the plan to invest **R\$ 10.4 billion** over 2020–24.

Programmed Voluntary Severance Program

- 396 employees (approximately 7% of Cemig group's total) accepted the Voluntary Severance Program implemented in 2Q.
- Payment of the standard legal severance payments.
- Total cost: **R\$ 59 million**
 - Cemig GT: 61 employees; cost **R\$ 11 million**
 - Cemig D: 329 employees; cost **R\$ 46 million**
 - Others: 6 employees; cost **R\$ 2 million**
- Annual saving of **R\$ 95 million** (taking into account partial re-hiring).
- Expected payback time: **8 months**

Cemig D – Acceptance of the ‘Covid Account’

- Total: **R\$ 1.40 billion**
 - First tranche, **R\$ 1.18 billion**, received July 31, 2020.
 - Remainder, **R\$ 220 million**, in six installments, August 2020–January 2021
- The amounts received are not added to the debt nor the net profit of Cemig D:
 - they will be taken into account in the calculation of the Regulatory asset, updated by the Selic rate.

Cemig D proposal to reduce tariff adjustment

- On June 25 the Council of Aneel approved Cemig D's tariff adjustment – an average of 4.27%, backdated to May 28.
- After an administrative appeal contesting the adjustment, Cemig submitted a new proposal to Aneel, based on the concept of totally exceptional conditions caused by the Covid-19 pandemic.
- Cemig D proposed bringing forward its planned **R\$ 714 .4 million** restitution to clients – equal to part of the escrow deposit released after its successful legal action against inclusion of ICMS tax in the basis for calculation of PIS, Pasep and Cofins taxes.
- The proposal has **no effect** on revenue or profit, since this amount has already been provisioned for restitution to consumers – the provision will be reversed.

Cemig D – Default and losses

Default

Structural measures for losses and metering

- Installation of telemetering for:
 - 100% of High Voltage and Free Clients (~1,900 consumers).
 - 97.5% of Medium Voltage clients (12,850 consumer units).
 - 20,000 Low Voltage clients – up to July 2020.
- 313,000 inspections** made up to July 2020 (= 100% of 2019).
- Loss target until the end of the year: 956 Gwh

Measures for management of default

- Disconnections:
 - Up to July, 30% of planned total have been executed
 - Disconnections resumed in August
- Renegotiation campaign for: *low-income residential, public hospitals, philanthropic entities, and micro-companies.*
- New law enables debt owed by Minas Gerais state government to be offset against state ICMS tax.
- Target for total default provision by end of 2020: R\$170 million.

Cemig D – quality indicators

Service quality

- Robust investment program in 2020–22 underlines commitment to modernization of asset base
- improving quality indicators and client satisfaction.

8.6 million consumers

Cemig D – Distribution Load

Cemig GT – Periodic Review of Transmission Revenue

- Periodic Review of RAP for assets of: the transmission concession contracts renewed under Law 12783/2013
- Cemig GT was classified as a “**benchmark**” for the sector, together with CTEEP.
- Increase of 9.13% in RAP includes the start of payment not previously received for updating of the Regulatory cost of capital from 2013 to 2017 for improvements made to national grid facilities.
- Adjustment component, to make good delay of the review from July 1, 2018 to July 1, 2020:
 - R\$ 171 million** – diluted up to 2023
 - R\$ 54 million** – in the 2020–21 cycle

2018 RAP in effect		Adjustment portion	Cemig GT – 2020-21 cycle	
Aneel Ratifying Resolution 2408 of 2018	Aneel Ratifying Resolution 2712 of 2020		Total RAP (in R\$ of June 2018)	Total RAP, adjusted (R\$ of June 2020)
640	698	54	752	779

- Gain of **R\$ 430 million** due to the Review of RAP in 2Q, reflecting updating of the amounts for existing components of the Asset Base, and additions and upgrades made by Cemig, using the new price matrix, and the new Regulatory WACC.

Cemig GT – Load

Cemig GT Total

Cemig GT – Incentive-bearing supply

Cemig GT – Conventional supply

Covid-19: plan for Free Clients

■ Cemig D: Invoices payable in up to 12 monthly installments, from July, at 1% per month interest.

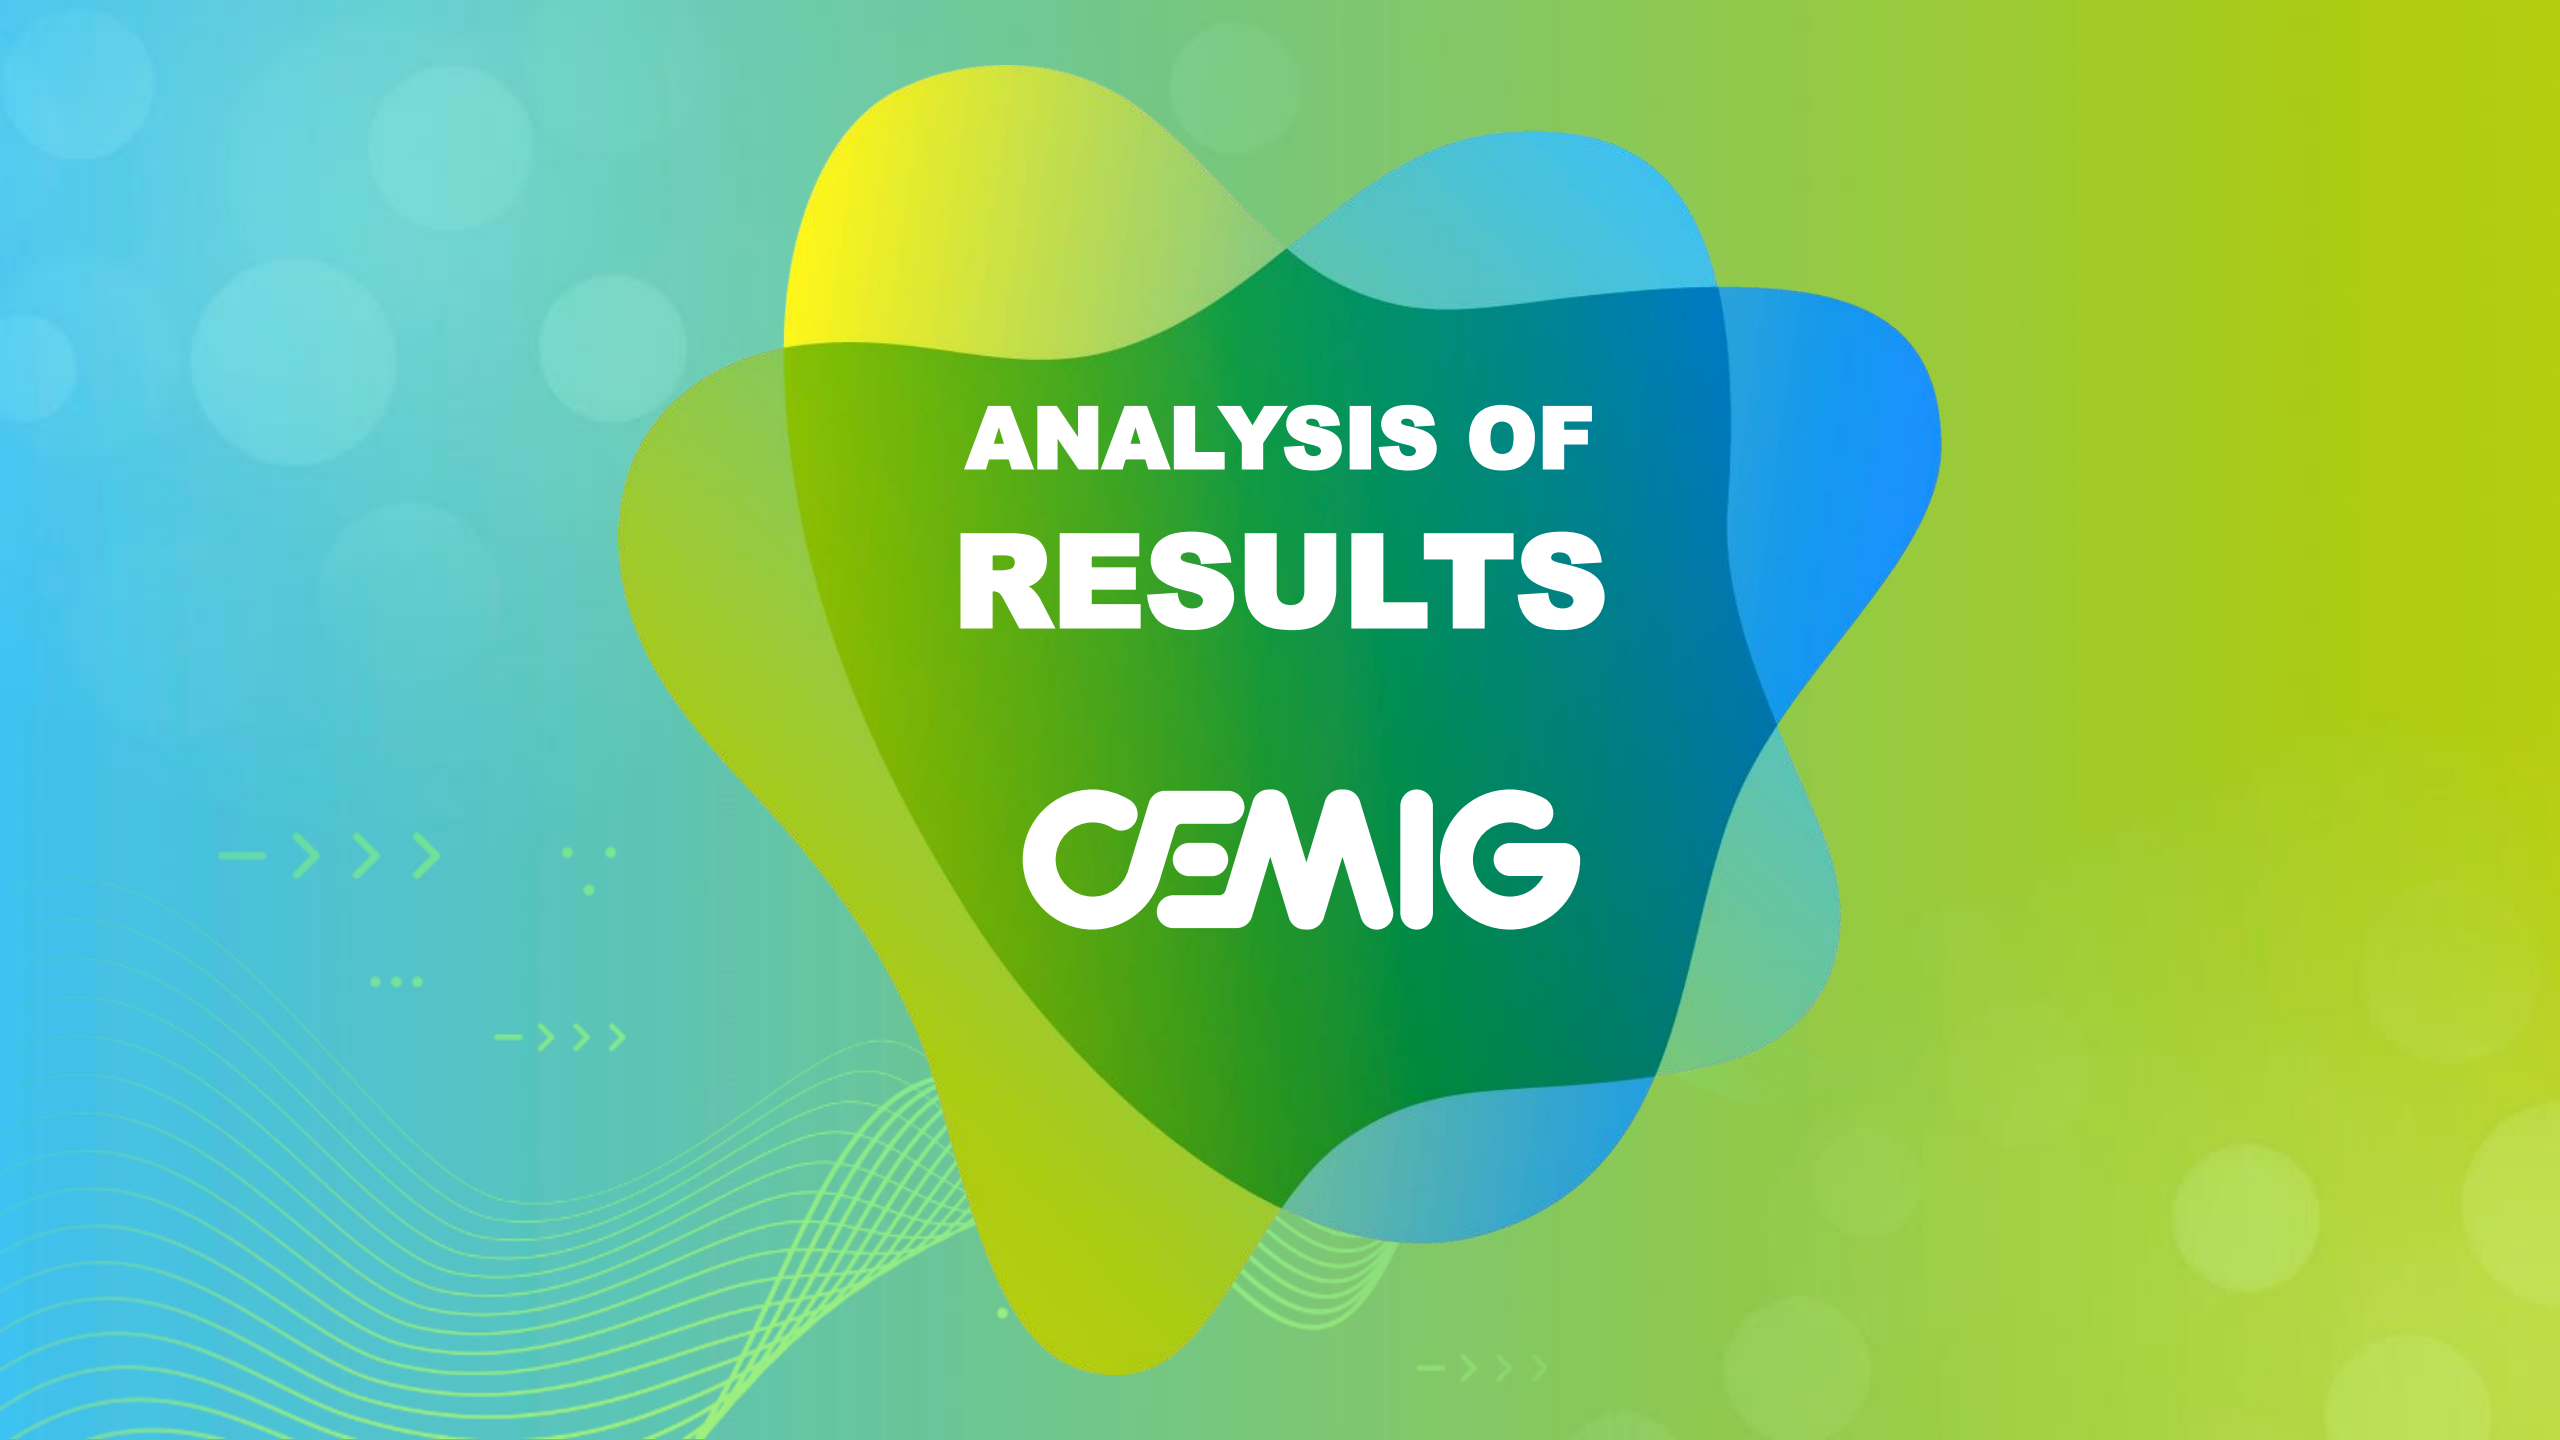

■ If total is settled in 2020, interest waived.

■ Cemig GT: Difference between agreed offtake and metered consumption can be paid in up to 36 monthly installments, from July, with interest at 1% per month.

■ If total is settled in 2020, interest waived.

■ We expect to receive the majority of the postponed cash flow in 2020:

ANALYSIS OF RESULTS

CEMIG

Main factors in the 2Q20 results

Cemig H

- Light: re-valuation at market:
Gain of **R\$ 475 million**

Cemig D

- Volume of electricity sold 6.0% lower.
 - Captive clients – down 8.0%
 - Transmission – down 3.5%
- Voluntary Severance Program – Expense: **R\$ 46 million**

Cemig GT

- Profit affected by sale of energy at the lower limit of flexibility contract range.
- Tariff review – adjustment of Permitted Revenue (RAP)
 - Positive effect on Ebitda of: **R\$ 430 mn**
 - Voluntary Severance Program – Expense: **R\$ 11 mn**
- Marking to market of Eurobond:
 - Positive effect in 2Q19: **R\$ 558 mn**
 - Positive effect in 2Q20: **R\$ 71 mn**

Marking to market of Eurobond and hedge instruments

Hedges contracted for protection of dollar-denominated debt

- Full swap for interest: set at 142% of CDI rate (average for main issue and retap).
- Call spread for principal: protection for range **US\$ = R\$ 3.45 to R\$ 5.00**

Effect on financial result

Item	Jun. 2020	Mar. 2020	Change
Hedge – Swap (interest)	1,698	1,474	224
Hedge – Call spread (principal)	1,584	1,531	53
Balance of hedge – MtM	3,282	3,005	277
Amount received under swap (settlement: June)	210	–	210
Effect of hedge in the quarter			487
Debt (principal)	8,214	7,798	416
Impact on 2Q20 Financial income (expenses)			71

Increase in value of the hedge is mainly due to lowering of the DI future interest curve = Cemig expects to pay less interest.

Energy market in 2Q20 – GWh

Cemig D: billed market + transmission

Commercial and industrial consumers felt the effects of the pandemic on the economy most strongly. We expect improvement in 3Q20.
