- Aneel estimated capex: R\$ 199 million
- Deadline for completion: 60 months
- Date for signature of concession contract:
 March 30, 2023

Drivers for CEMIG GT

Focus on development of proprietary Renewable Generation projects, especially in Minas Gerais

Continue studies for disruptive projects, aligned with the Company's ESG policies

Competitiveness in Transmission **Auctions**; Efficiency in strengthening and enhancement of the transmission network

Best project management practices, ensuring final works are in line with specification

In management of generation and transmission assets, maintain **high levels of availability**, above market benchmarks

In operation of generation and transmission assets, consolidate **remote operation** of largest plants and substations

Focus on operational efficiency
